

Says, “Way to Go”

The Iowa Rush Recreational program is excited to introduce a new player motivation incentive called the RUSH Way to Go Award. The RUSH Way to Go is simply a postcard sized “high 5” that is issued by the coach to players at the end of each game. This is an opportunity to recognize a player(s) of any ability level for something they have done that helped the team in that game. That is a motivator for children. It is also a great teaching moment for the rest of the team. “Did you see how Jane tracked back toward the goal to deny any rebound from the keeper?” etc.
