

This past weekend, three Iowa Rush girls' teams participated in the Iowa Soccer Indoor Championship Series at the University of Northern Iowa. The U11/12 Girls age group entered two teams into the event, and through solid play in their brackets, both came out as bracket winners and faced one another in the first semi-final match-up. The Iowa Rush U11/12 Girls Blue came out with the victory in the semi-final and went through to defeat PSC in the championship final 1-0. Congratulations to both U11/12 Girls teams on advancing, and bringing home the championship!

The U13/14 Girls also performed well this weekend, showcasing excellent possession and producing a flurry of opportunities on goal throughout bracket play. In the end, the U13/14 Girls missed the wildcard position in the semi-final by one goal. Well done to the team, and appreciate your representation of the club this weekend!
